HR SERVICES THAT DRIVE VALUE TO YOUR BUSINESS

- **Workplace Investigations** – Comprehensive, professional, third-party analysis of workplace issues that require structured, documented, non-biased investigation.
- **Performance Issues** – Address employee performance concerns in a non-emotionally charged yet legally-compliant manner that minimizes the impact on employees and business productivity while reducing employer risk.
- **Compliance** – Mitigate risk by ensuring your workforce management practices are compliant with federal, state, and local regulations.
- **Workforce Planning** – Align your workforce with the needs and priorities of your organization in a manner that anticipates the future needs or risks of the organization.
- **HR Transformations** – Transform your HR department from an administrative framework to one that encourages employee engagement and drives business success.
- **Employee Leave Guidance** – Navigate complex FMLA and regional leave laws with ease, whether establishing company leave policies or addressing a specific issue that arises.
- **Compensation** – Establish a sustainable compensation plan that aligns with your organization's talent acquisition and retention strategy, including up-to-date job descriptions, variable bonuses and salaries based on current market data.
- **Wage & Hour** – Ensure that employees are classified, documented, scheduled, and compensated in a manner that is both legally compliant and consistent with your business model.
- **Other HR Needs** – Need assistance with other HR projects? Our team is positioned to assist with the knowledge, expertise, and friendly service to get the job done.
